Important information about warm spaces in Bad Salzuflen

Dear citizens,

The **lighthouses** set up by the town of Bad Salzuflen serve as the first point of contact in the event of a crisis or disaster, such as an energy shortage or power outage. This is where you can report emergencies, get help in emergencies and obtain important information. However, lighthouses **do not serve as dwellings or emergency shelters.**

Please use the **warm spaces** if **temporary accommodation** is required.

These warm spaces are provided by the town of Bad Salzuflen in the event of a crisis or disaster, and are set up in cooperation with church communities, religious communities, social associations and clubs for citizens in need. As such, technical measures have been put in place to ensure a limited energy supply even in the event of area-wide grid failures. Warm spaces provide social care, are heated and serve as a place for exchange and being close to others. It goes without saying that you can also get warm drinks there.

Please note: These warm spaces do not provide permanent accommodation.
